

Friday 17th April 2020.

Hi Year 6,

How are you? We hope you are all well and keeping yourselves busy and most importantly safe. What have you been up to? We're sure you have been having lots of fun and enjoying time with your family.

Mrs Summerson has been keeping herself busy. She is making sure that she goes for a lovely walk every day. Although yesterday she did get chased by a cow which was both hilarious and terrifying at the same time! Who knew they could move so quickly? She has also been working on her baking skills. Now, normally when Mrs Summerson attempts to make pies her family pretend that they're not hungry because they're absolutely disgusting! However, she's pleased to tell you that she managed to make not only one but two delicious corned beef pies - move over Mary Berry!

Mr Soulsby has also been keeping himself busy. He has been going for a run every day and spending a lot of time in his garden. He has also been mastering his football skills and rumour has it that when lockdown is over, he's going to be the next Mohamed Salah (watch this space Y6 you heard it here first!)

Although it's very strange not being at school just remember that we're living through history right now. In years to come the experiences that we're having at the moment will be in the History National Curriculum and children your age now will be learning about it - you could even be asked to come into schools to tell the children all about it. Some of your artwork or diaries could be displayed in a local museum. So, with that in mind keep laughing, keep enjoying yourselves and keep making memories because someone one day will want to hear all about it!

We miss you lots and lots but in the words of Vera Lynn, "We'll meet again some sunny day!"

Take care and stay awesome!

Mrs Summerson and Mr Soulsby.
