This exceptional, one-of-a-kind adventure park provides fun for 1-100 year olds! Megaworld, which opens next month, is home to some of the most widely anticipated rollercoasters in the world: The 'Velociraptor'! This rollercoaster stands at a whopping 325 feet and will give you the ride of your life at an electrifying 65 mph! Megaworld also boasts the 'Mad Pursuit' ride which has 5 loop-de-loops to conquer!

Combining an amazing montage of white-knuckle ride with the entertaining character-themed attractions for our younger guests, we promise no-one will leave dissatisfied with their experience. This is an experience for the whole family! You simply must plan a visit!

The tallest, fastest and only 4D experience coaster in the world is waiting for you if you can handle it! Even if you're not a fan of the wild thrills, there are plenty more slower-paced attractions based on well-known film companies such as Pixar and DreamWorks, as well as exciting stage shows, mouth-watering food courts and ample open areas to take a much needed break from the world.

Olivia Burns (a writer for the 'Best Experiences' magazine) claims this to be the best adventure park to hit Dubai in years! "It's action-packed and terrific fun! Tickets to this facility are going to be widely sought after so get in there quick!"
