

Spellings Week 1

The Stressed /er/ Spelt 'or'

We have learnt that the /er/ sound can be spelt with 'er', 'ir' and 'ur' but to spell the /er/ sound after the letter 'w', we use a different spelling pattern.

The /er/ sound can also be spelt with 'or' if it comes **after the letter 'w'**.
There are not many of these words.

Can you think of a silly rhyme to help you to remember this?

The Stressed /or/ Spelt 'ar'

Similarly, the /or/ sound can be spelt with the 'ar' letter pattern if it comes after a letter 'w'.

There are not many of these words either.

Here are your spellings to learn.

word	war

worm	towards
world	ward

Ask a grown up to test you on each one.
