

Comprehension Week 4

Read the Tale of Two feathers and answer the questions:

1. What was Otis doing in the tree at night?

He was sitting in the tree and hunting for a tasty mouse.

2. What type of bird is Otis?

Otis is an owl.

3. What did Otis do when the sun came up?

Otis returned to his tree and settled down to sleep.

4. What is the feather that Kia finds like?

The feather was white with brown stripes.

5. Who does Otis find sitting on his branch?

Otis found Kia sitting on his branch.

6. Why had the two birds never met before?

They had never met before because Otis was nocturnal and Kia was diurnal. Nocturnal animals come out at night and diurnal animals come out during the day.

7. How do you think they felt when they finally met?
