

Etherley Lane Virtual Sports Day 2020

Welcome to Etherley Lane's Sports Day 2020!

Due to the current situation that we find ourselves in, our Sports Day this year is going to be a little bit different. We are going to do a VIRTUAL Sports Week!

We have organised you into coloured teams as follows:

RED: Class 1, Class 2 and Class 8

BLUE: Class 3, Class 4 and Class 10

YELLOW: Class 5, Class 9 and Class 11

GREEN: Class 6 and Class 7

You will be competing for your team as well as individually!

Next week, beginning on Monday 22nd June, we will ask you to take part in sporting activities that you can do at home- at least 2 each day. We will post instructions for each of these on our school website, Facebook page and on Seesaw.

After each activity, you will need to make a note of your score. When you have completed all ten activities, you will need to fill in a Microsoft Forms document with all of your scores. We will send the link with instructions on how to do this after all of the activities have been set. You will need an adult to help you with this.

Scoring

- You will be awarded one point for your team for every challenge that you complete.
- Team points for each activity will be awarded as follows: the team that has the best average score will be awarded 4 points, second best average score will be awarded 3 points and so on. Every score counts so make sure you give it your all!
- Points from all activities will be added together to get an overall total for each team. The team with the highest points total will be the winner!
- We will also award Gold, Silver and Bronze certificates to children who achieve the highest individual scores in each activity so individual achievements are also recognised.

We know that this is not the same as our usual sports day but we do hope that you can still have fun. You could wear your team colour and even send photographs and videos on Seesaw of you taking part. You do not have to do all of the challenges we set for you but remember, the more you do, the more points you will win for your team. Try your best and have fun!

Parents and carers- we have not forgotten about you! You can also take part and earn additional points for your child's team. To do this, we would like you to take part in...THE INVISIBLE SACK RACE! We will post further information about this next week on our school website and school Facebook page.

Please note- we will create a montage of photographs and videos of our virtual sports day to publish on our school website. By uploading any photographs or videos to Seesaw of you or your child taking part in our virtual sports day, you are giving your permission for us to publish them on our school website.

Take care and stay safe.

Etherley Lane Primary School ☺
