

### WEDNESDAY

Bella has drawn a number line. He has marked three points on the number line. Use these clues to work out what numbers Bella has marked on the number line.

- The difference between  $A$  and  $B$  is 27.
- The difference between  $B$  and  $C$  is 22.

- What is the value of  $D$  if it is 10 bigger than  $B$
- Would you be able to show  $D$  on this number line?
