

# My Community

# Do you think there are any jobs which are more important than others?

This is always a very difficult question, and sometimes your answers depend on what you need in a community the most.

Every job is very important, and we quickly learn that if there is one job which can't be done, that has a huge affect on others! During the pandemic we have found out just how linked together we all really are as a community.

As an example, can you think of which jobs there are within a school?  
Are any of these jobs more important than the others?

When we really think hard about the answer to this, the answer is no! If there were no cooks in school, nobody would be able to have lunch. If there was nobody looking after the school building it could be unsafe. If there was nobody cleaning, we could all be at risk of germs. If there was nobody working in the offices, there would be no way fixing all of the problems which happen in a school, or a friendly face at the heart of the school! Without teachers and teaching assistants, how would we learn?

But most important of all, without YOU, none of us would be able to do our jobs!

# What jobs are in your community?

What other jobs can you think of?

# How can you sort these jobs?

- Inside jobs and outside jobs
- Night time jobs and day time jobs
- Jobs that help animals.
- Jobs that care for people
- Jobs that help us get the things we need.

And there are many, many more ways!

# How can you help your community?

- Litter picking
- Recycling
- Help elderly people with their shopping
- Volunteer

# What crimes happen in your community?

- Vandalism
- Anti social behaviour
- Stealing
- Trespassing
- Littering

What would happen if there was nobody here to stop crime?  
Would you feel safe?
