

Thursday 21st January 2021

Learning Objective To create a picture of a landscape using different textures and colours.		
Success Criteria	Self Assessment	
<ul style="list-style-type: none">To create a landscape with bold outlines.		
<ul style="list-style-type: none">To think about which colours will work with the landscape and compliment one another.		
<ul style="list-style-type: none">To use varying styles and techniques to fill in each of the sections of the landscape.		

Below I have included an example of what I would like you to create with your artwork. Previously we have worked hard on finding different ways to use lines to shade, create patterns and to create depths and textures to our art.

I would like you to use your favourite happy place as inspiration for your landscape. This could be a beach, a river, a walk close to home, or even the outline of your home, as long as it is something that makes you happy.
