

*Learning Objective*

*To explore for and against ideas for plastic.*

*Success Criteria*

- *Know that plastic has good uses.*
- *Understand that plastic can be harmful.*
- *Record ideas of how plastic pollution can be avoided.*

*Self-Assessment*

*Cut the pictures out and answer the following questions into your books:*

*What does each picture show?*

*What is the difference between the bottom picture compared to the top pictures?*

*Is the plastic in the picture useful or not? Fully explain your answer.*

*Record into your book's different ideas of how plastic pollution can be avoided and why it should be based on two of the pictures.*
