Learning Objective

To create artwork showing the difference between inner self and outer self.

Success Criteria

Self Assessment

- To use an image of yourself to inform your artwork.
- To consider the abstract idea of what you would look like on the 'inside'. Considering rather than our anatomy, what makes us who we are.
- To use colours to convey moods and personalities.

I would like you to create a piece of artwork showing your inner and outer self. Your outer self will show what people see from the outside. Your hair, your eye colour, your expressions etc. Your inner self will show your favourite things, favourite colours and how you see yourself.
