In luvin my holiday in dundee even tho its reining there is so much to sea We visited the Jute muse um and I bort a useful jute bag for me. We also saw captin scotts first ship to visit the Antarctic, the discovery you can go on the ship so we did. It was very cold they set it up like the people were still their, sitting at a desk, or on the bed reeding too give the idea of how it was like. The ship is in water so you can feel it bob up and down I got a bit dizzy.  
Love Nan
