<i>Learning Objective</i> <i>To compare and contrast biomes.</i>		
<i>Success Criteria</i>	<i>Self Assessment</i>	
<ul style="list-style-type: none">• <i>To know what a biome is and the 6 main biomes.</i>		
<ul style="list-style-type: none">• <i>To use a world map to identify where the types of biomes are placed.</i>		
<ul style="list-style-type: none">• <i>To compare and contrast the desert, and a tropical rainforest.</i>		

What is a biome?

What are the 6 main biomes?

1. -----

2. -----

3. -----

4. -----

5. -----

6. -----

Have you ever been to any of these biomes?

Can you compare and contrast the desert and a tropical rainforest. What do they have in common? What is different about each one?

- You could include the animal population. The temperature and climate. The differing habitats each biome offers. Fill each box below with facts.

<u>The desert</u>	<u>Tropical rainforests</u>
	

<i>Similarities between the two biomes</i>	<i>Differences between the two biomes</i>
