

Thursday 4th February 2021

Learning Objective

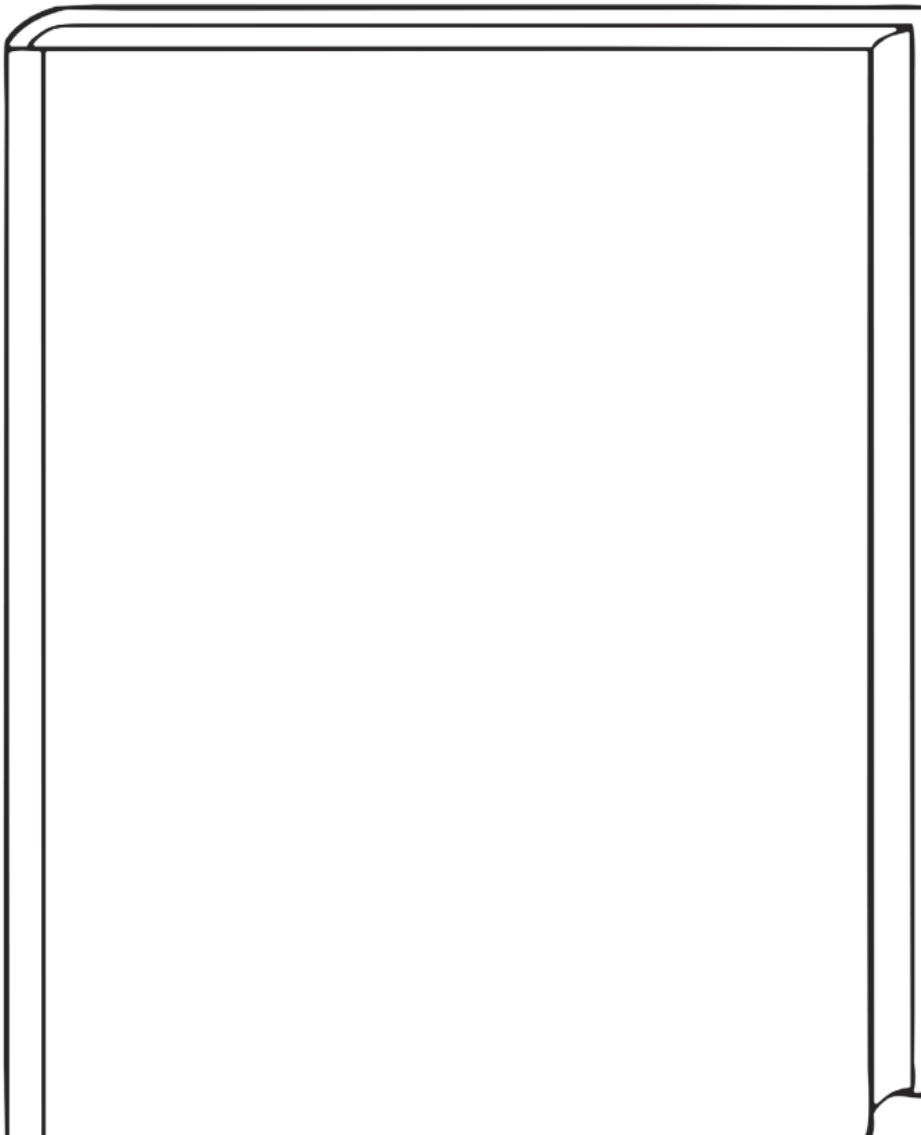

To design a book cover for your favourite story.

Success Criteria

Self-Assessment

- To look through your own book collection or think about the books you have read at school and decide on one you could say is your favourite.*
- To research the book cover for this book, and any alternative covers which have been published.*
- To design a cover for your favourite book including key parts of the story in your design.*

Once you have finished your design, I would like you to re-read your favourite book in a happy place of your choice. This could be in bed with snacks, outside or in a den you have built. But chill with your favourite book, wherever that may be, and enjoy!
