

## Tuesday – Art Activity

### Kandinsky – Concentric Circles

Today we are going to be looking at the artist Kandinsky. Have a look at the powerpoint (printed slides) about his life.

Today we are going to try and recreate the painting above my drawing concentric circles. There is a bigger print out of this painting in your paper packs and available on Seesaw.

You could use pens, pencils, paints, whatever you like to do this activity.

You can use the template provided or you can do your painting without.

I am excited to see your creations so please send me a photo on Seesaw!!!
