

## Wednesday - PD Activity

### Cutting skills

Cutting skills are an important part of physical development in Reception. We usually practise our cutting skills a lot during the Spring and Summer term so that we can cut independently when we get to Year 1.

Today I would like you to practise your cutting skills by making your own potato head character using the sheets provided.

Remember to grip your scissors correctly before trying to cut out the shapes. Try to cut along the lines as neat as you can so take your time.

Send me your potato head creations on Seesaw.
