<b>Learning Objective</b> To know how life cycles differ between different animals. 	
<b>Success Criteria</b>	<b>Self Assessment</b>
<ul style="list-style-type: none"><li>To define a life cycle.</li></ul>	
<ul style="list-style-type: none"><li>To order life cycles of caterpillars and chickens.</li></ul>	
<ul style="list-style-type: none"><li>To notice the similarities and differences between each life cycle, linking back to human life cycles.</li></ul>	

What is a life cycle?

---

---

Are all life cycles the same?

---

Can you label the images of a life cycle of a butterfly from 1-5, with number 1 being the first stage of the life cycle, and describe each stage in the box next to the images.

---
