

Tuesday 8<sup>th</sup> June 2021

<i>Learning Objective:</i>	
<i>To plan and design a human sculpture.</i>	
	
<i>Success Criteria</i>	<i>Self-Assessment</i>
<ul style="list-style-type: none"><li>• Know what Modroc is.</li></ul>	
<ul style="list-style-type: none"><li>• Draw a sketch of your design with labels.</li></ul>	
<ul style="list-style-type: none"><li>• Explain how you will create your sculpture using a method and equipment list.</li></ul>	

*Use the method below to help you create your own design of a Modroc sculpture.*

Materials

- Pipe cleaners
- Aluminium foil
- ModRoc plaster bandages
- Water
- Metallic enamel paint

Method

• Twist the pipe cleaners together to make a person shape.

• Scrunch aluminium foil over the pipe cleaners to bulk them out.

- *Cut the plaster bandages into thin strips (about 1 inch wide).*

- *Soak a plaster bandage in water for a few seconds and then squeeze out excess water.*

- *Wrap the plaster bandage around the figure.*

- *Repeat with other strips of plaster bandage until the whole figure is covered.*

- *Allow to dry for around 24 hours.*

- *When the plaster is dried out and the figure is hard, paint with metallic enamel paint.*
