

## English Task

You are going to plan and write advice for the year 5 children coming into year 6 next year. You are going to tell them how to survive year 6! You might want to talk about:

- Having a positive and growth mindset and how this helps in year 6.
- What is the best attitude to have in Year 6?
- How to be yourself and enjoy every moment.
- Organisation
- Independence.

The list above are just a few ideas to get you started. You can present this however you like; it is up to you so be creative. You may want to write a letter, design a postcard or an informative leaflet. Make sure it is full of information for the next group of year 6 children.

There will be a planning sheet which you need to complete to help you with ideas for this task.
